ES-2
2023

Liebe Leserinnen, liebe Leser!

Mit der neuen Herbst-Winterkollektion 2023 wollen wir das Edle, Stilvolle, Schöne und den Genuss zelebrieren. Die kalten Tage rücken näher, was wäre da vollkommener, als den Tag bei einem Glas Wein mit einem fesselnden Buch in einer kuscheligen Decke ausklingen zu lassen?

Ein Highlight der neuen Kollektion bilden die herrlichen Baby-Alpaka Decken, welche im Gegensatz zu anderen Wollarten durch ihren geringen Anteil an Lanolin/Wollfett von den meisten Allergikern gut vertragen werden. Oder träumen Sie von einem Chalet in den Bergen? Mit der Erweiterung der Alpenchic-Kollektion schaffen wir eine romantische, persönliche, urige und angenehme Atmosphäre zum Wohlfühlen. So können Sie auch im hektischen Grosstadtreiben die Gemütlichkeit und die Freiheit der Natur in Ihrem Zuhause spüren.

Hören Sie schon den Kamin knistern? Lehnen Sie sich zurück und lassen Sie sich verzaubern.

Herzlichst, Ihr Sandro Spescha

CEO, Eskimo Switzerland, since 1854 / s.spescha@myeskimo.ch

Dear readers!

With the new autumn-winter collection 2023 we celebrate the luxurious, the stylish, the beauty and the indulgence. As the cold days approach, what could be more perfect than ending the day with a glass of wine and a captivating book in a cosy blanket?

A highlight of the new collection are the wonderful baby alpaca blankets which, unlike other types of wool, are well tolerated by most allergy sufferers due to their low lanolin/wool fat content. Or are you dreaming of a chalet in the mountains? With the expansion of the Alpenchic collection, we create a romantic, personal, rustic and pleasant atmosphere to feel at home in. So even in the hustle and bustle of the big city, you can feel the cosiness and freedom of the countryside in your home.

Can you already hear the fireplace crackling? So, lean back and let yourself be enchanted.

Warmest wishes, Sandro Spescha
